[00:00:05.38] The lift-off feature on your PowerGlide comes in handy when you need added reach and portability for above-floor cleaning. Using it is easy. We'll show you how.

[00:00:15.07] To start, press the green Push to Lift-Off button to remove the canister and attach your desired tool to the hose. For the most reach, attach both the extension wand and combination dusting crevice tool.

(DESCRIPTION)

[00:00:28.87] Vacuums curtain rod and couch lining.

(SPEECH)

[00:00:31.33] If you're cleaning stairs, use the Turbo Eraser tool for the best results.

(DESCRIPTION)

[00:00:36.09] Vacuums couch cushion.

(SPEECH)

[00:00:37.48] When you're done with the liftoff feature, replace the canister by lining the front with the base of the vacuum and leaning it back to lock into place.

[00:00:46.51] Now you're ready to get cleaning with your PowerGlide Lift-Off.
